## CHURCH AND PRESS

### To War on Tuberculosis--Both Asked to Aid in Campaign.

The National Association for the Prevention of Tuberculosis has planned a tuberculosis Sunday for April the 24th. They are asking that in every church in the United States a sermon or lecture on this important subject be delivered on that day.

The Kentucky Association has its headquarters in Louisville and an application to Miss Harriet E. Anderson, 215 East Walnut street, Louisville, Ky., will bring literature. Mr. C. L. Adler, president of the Association, earnestly requests that all ministers in the State of Kentucky shall join in this national movement.

Kentucky badly needs the preaching of the gospel of education on this subject. The disease can be eradicated, and eradicated only by cleanliness, healthful living and the knowledge of the means by which it spread. Kentucky is suffering more from the disease than all but two or three States of the Union. She is ignorant of her condition and, if we are to judge by the recent acts of the Legislature, unwilling to take the necessary steps to better it. Public agitation and education alone can help us. Will the newspapers of Kentucky bring this matter to the attention of every minister in the State?

Bishop Nelson, of Albany, says: "Having labored with some success to point out the danger of the disease, we are now confident that the cure of the disease depends upon improvement in conditions of personal and social life. Whatever the churches may be able to do along this line will be a double contribution to physical and spiritual betterment, and I should think that all would wish to have a share in such an enterprise."

Heavy, impure blood makes a muddy, plainly complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Bitters makes the blood rich, red, pure--restores perfect health.

### Made Rich.

At Dayton, O., Warren G. Dent, a brewery wagon driver, received \$41,500 for 70 acres of West Virginia land which he purchased twenty years ago for \$117. The discovery of oil by the Standard Oil Company was the reason for the increase in the value of the land.

## WITHOUT AN OWNER.

### Court Refuses to Dispose of \$1,000.

A mandate of the Court of Appeals was filed in the office of the Circuit Clerk at Winchester, Ky., April 5.

During the trial of the case of Mrs. J. B. Marcum against the Hargises, French and Callahan for \$100,000 damages for the murder of her husband, important witnesses for the plaintiff left the State.

It was alleged that the defense was to pay Mose Feltner \$1,000 for taking them away. The money was paid to Felix Feltner to be given to Mose Feltner. The \$1,000 was placed in the Winchester Bank by Felix.

Mose Feltner later sued Felix Feltner for the money. Judge Benton decided that the whole transaction was illegal and opposed to the public good and decided that the court would not be a party to its enforcement and refused to decide as to whose money it was.

The highest court affirmed his decision and in the meantime the money has remained in the bank. Why not give it to Mrs. Marcum, if the courts cannot otherwise decide?

Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by all dealers. 1m

### Large Democratic Gains.

Reports from forty of the fifty cities of the first class in Oklahoma which held elections April 5 indicate large Democratic gains.

### Burley Pool.

At Lexington, Ky., on April 5, the Burley Tobacco Society was reported to have fixed the sale price of the pooled tobacco at \$18 per 100 pounds, subject to the ratification of the District Board.

Some statisticians say that the American Company has already purchased 200,000,000 pounds this season and that they will not need this tobacco, but the Burley people believe that they must have the pooled tobacco.

## NEW LIBEL LAWS

### Enacted at the 1910 Session of the General Assembly of Kentucky.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. That in any civil action for libel, charging the publication of an erroneous statement, alleged to be libelous, it shall be relevant and competent evidence for either party to prove the fact that the plaintiff requested retraction or omitted to request retraction.

The defendant may also allege and give proof that the matter alleged to have been published, and to be libelous, was published without malice, and that the defendant in the next regular issue of the newspaper or publication, after receiving demand in writing or within seven days if no such demand is made to correct and to retract said statement, or in the next regular issue of the newspaper or publication did publish a sufficient correction, retraction, explanation or rectification, as conspicuously and publicly as that in which said alleged libelous statement was published in the same type and in the same place in at least two successive issues of the same periodical publication accompanied by editorials in which the alleged slander is specifically repudiated.

Upon proof of such facts, the plaintiff shall not be entitled to punitive damages; and the defendant shall be liable only to pay actual damages. And upon the publication of such correction, retraction, explanation or rectification, the defendant may plead same in mitigation of damages.

Section 2. All acts or parts of acts in conflict herewith are hereby repealed.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. That Section 74, Title 5, of the Civil Code of Practice, be, and the same is hereby amended by adding thereto the words: "Provided, that in actions for libel, the action shall be brought in the county in which the plaintiff resides or in the county in which the newspaper or publication is printed or published," so that said section as amended and enacted shall read as follows: "Every action for an injury to the person of the plaintiff, and every action for an injury to the character of the plaintiff, against a defendant residing in this State, must be brought in the county in which the defendant resides or in which the injury is done: Provided, that in actions for libel, the action shall be brought in the county in which the plaintiff resides or in the county in which the newspaper or publication is printed or published, or in the county in which the transaction, or act, or declaration to which publication relates is stated, or purported to have been done or taken place."

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease--croup. Has been used with success in our family for eight years."--Mrs. L. Whitener, Buffalo, N. Y. 1m

### Kansas City Republicans Win.

At Kansas City, Mo., the Republicans were victorious in the municipal election, electing a Mayor, ten out of sixteen members of the lower house of the City Council and nine out of sixteen members of the upper body. The bond issue for \$1,000,000 of public improvements, was voted.

## STRONGLY OPPOSED

### Will Be Application for Parole of Curt Jett.

From daily reports we get these extracts:

Application will be made to the Prison Commission for a parole for Curt Jett, serving two life sentences for murder, and a strong petition will be presented urging that he be given a chance to make good. Jett is known in Breathitt as "The Wild Dog of the Mountains." The petition is to be presented by the Rev. C. R. Hudson, pastor of the Christian church in Frankfort.

Curt Jett has been in prison for more than six years and during the last few years has been a model prisoner. He professed religion and joined the church. He is a close student of the Bible and knows more about it than most Sunday school scholars.

Rev. Hudson told the Secretary of the Prison Commission that he wanted to appear before the board on behalf of Jett. He said he was present when Jett professed faith and he believes that that conversion was genuine and that Jett would lead a straight life if given a chance.

MRS. MARCUM PROTESTS.

From a petition filed by Mrs. Marcum we take this extract: "I am the widow of James B. Marcum, who was killed by Curt Jett, while standing in the Court-house door in Jackson, and whom Curt Jett confessed to having killed."

"I desire in the name of justice and decency, and honor and in the living memory that I have for my husband, who was taken from his wife and his loving children, four sons and two daughters, to enter a most bitter and serious protest against his parole or pardon, or other exculpation."

"The history of this crime is too indelibly written on the memory of the people of Kentucky to need any repetition here, how that he in company with his accomplice and fellow criminal, Tom White, stealthily slipped through halls and corridors of the Court-house to where my husband stood, and without the slightest warning, shot him to death."

"It was less than a year before this that he from the windows of the same Court-house fired the shots that took away the life of James Cockrell as he stood on the streets, which killing Jett confessed having done. I therefore most respectfully enter and file protest against the parole."

"Respectfully submitted, "MRS. JAMES B. MARCUM."

Diarrhoea should be cured without loss of time and by a medicine which like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant after effects. It never fails and is pleasant and safe to take. Sold by all dealers. 1m

### Indictments Stand.

In the United States Court at Covington Judge Cochran overruled a motion to quash the indictments against twelve tobacco growers of Grant county for violating the interstate commerce laws. The attorneys for the defendants argued that the indictments had not been returned in legal form and that the jury was not drawn from the proper places.

## EVER WATCHFUL.

### A Little Care Will Save Many Mt. Sterling Readers Future Trouble.

Watch the kidney secretions. See that they have the amber hue of health:

The discharges not excessive or infrequent: Contain no "brick-dust like" sediment:

Doan's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick.

Mrs. Hazard Trimble, 4 Janison St., Mt. Sterling, Ky., says:

"I am pleased to say that Doan's Kidney Pills helped me greatly. I was in poor health for some time and was unable to stand or do my housework. I had pains in my left side, accompanied by a bearing down feeling through my kidneys. The passages of the kidney secretions were irregular and at times so scanty that there was an almost complete retention. I began to notice symptoms of dropsy in my limbs and hands and my condition was becoming worse when I began using Doan's Kidney Pills, procured at F. C. Duerson's Drug Store. I soon was greatly benefited and I felt like a different woman. Doan's Kidney Pills have convinced me of their effectiveness and consequently I am pleased to give them my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### "Wets" Lead in Michigan.

Complete returns from the thirty-six counties in Michigan where the local option elections were held April 4, show that 20 counties voted "dry" and 16 "wet." Of the 83 counties in Michigan, 49 will now be "dry" and 43 "wet."

### Young Holstein Cow Makes World's Record.

A test has recently been conducted by the State Agricultural Department of a Holstein cow a few days less than three years old and owned by E. La Marion, of Solville, Madison county, N. Y. In seven days she averaged more than eighty pounds of milk a day and from this was made twenty-nine pounds of butter. It is said to be the world's record for a cow of her age. Cornell Agricultural College had a representative present constantly during the test.

## STATE'S RIGHTS.

### Senator Paynter's Amendment a Step Toward Maintaining Home Control.

Senator Paynter has secured the adoption of an amendment to the Employers' Liability act by inserting the words "and no case arising under this act and brought in any state court of competent jurisdiction shall be moved to any court of the United States."

The adoption is of great importance, because it is a step towards restoring to the States the rights and control of matters which have been claimed by the Democrats to be the rights of the State under the Constitution.

By the amendment adopted by the Senate and ratified by the House, the plaintiff has the right to institute his action in a State court, and the right to remove the cause of action to the United States Court is in express terms forbidden, thus averting the necessity of traveling many miles with witnesses and attorneys to have cases tried in the Federal Court.

Theodore Roosevelt and all ex-presidents of the future will be entitled to send all mail free if a bill favorably reported becomes a law. The privilege also is extended to the widows of former presidents.

### HORSES AND AUTOS.

Horses are a staid institution in this country, and evidently in the great transformation of our day autos have come to stay. There should be no friction or shooting or fright between drivers of autos and other conveyances and horse back riders. Keep cool, ladies and gentlemen, and watch your tempers, horses and guns, and have some consideration for rights, feelings and interests of other folks. No doubt there have been some panicky stricken people who meet autos. No doubt there have been some hasty, self-willed and impudent drivers of autos. All must be taught a lesson. The next generation of horses and folks will have too much sense to get scared at an auto, or try to run over footmen and non-auto travelers. We hope nobody will be killed by autos or because of auto drivers. Beware!

### MT. STERLING COLLEGIATE INSTITUTE.

Deeply regretting the loss to the educational interests of our city by the death of Prof. Cord, we are pleased to state that his son, Robert I. Cord, will succeed to the management and personal supervision of the institution. Although he is a young man, 22 years old, he comes to the responsible position college trained, strong, resolute and willing. He graduated under the teaching of his father and mother, and knows his father's methods and plans; then spent four years at Transylvania University, taking the A. B. degree; highly endorsed he accepted the duties of Principal in our city school, where he was doing faithful service. Satisfactory arrangements have been made whereby all interests in both schools will be cared for.

We predict for him a successful administration aided by his corps of competent teachers and with the co-operation of a sympathetic community.

Bishop Whitehead, of the Protestant Episcopal Church, has prepared a prayer which he asks everybody to use in praying for better conditions in Pittsburgh. It is too late to pray now. The roundup of the guilty and their proper punishment seem the only things left now for that graft-ridden city.

## IT WILL BE MONEY WELL SPENT.

However we may approve or disapprove of the action of the Fiscal Court there is no question that the community should feel gratified with regard to the philanthropic interests for which the court was asked to make provision.

The appropriation of \$800 for a visiting nurse for tuberculosis and other diseases joined to the \$800 appropriated by the City Council insures this most valuable work to the community. The Anti-Tuberculosis Association has urged for several years that something be done for the disease.

The Fiscal Court made an appropriation for the Juvenile Court work. These appropriations to the Juvenile Court to prevent the making of criminals, and to the Anti-Tuberculosis Society to prevent disease, will undoubtedly be an economy to the city and county in the long run. It is not only humanity, it is good business for any community to spend money in the right way for the prevention of disease and the prevention of crime. With increased appropriations for our schools and the appropriations above referred to, the time is coming when Fayette county will stand as high in matters of moral improvement as she does for the excellence of her roads and other material assets. —Lexington Herald.

### CIRCUIT COURT.

Circuit Court convened Monday morning. Judge Young and Attorney White were ready to represent the Commonwealth.

Judge Young called special attention to the reported prevalent and growing habit of persons old and young who swear falsely before the grand jury when questioned relative to various offenses; such a condition is deplorable. He thought that the indictment and punishment of one such would be very beneficial to public morals. The grand jury can easily detect such falsifying. To be guilty ought to bring humiliation; to be caught at it is also rather worrying to tender consciences.

The Judge thought that the man who recklessly shoots on the highway is the nearest kind of mean man and needs something.

He told of rumors 'round about that boys had bought liquor and asked a thorough investigation.

The following compose the juries:

#### GRAND JURORS.

D. J. Burchett, foreman; John Forman, B. F. Mark, H. C. Howell, W. H. Wilkerson, E. L. Phyne, Peter Graenwade, M. F. O'Rear, Simpson Garrett, R. B. Young, Elijah Coons, Geo. W. Anderson.

#### PETIT JURORS.

L. L. Bridgeforth, Jno. Sponcel, H. C. Lauth, H. G. Tabb, T. H. McCarty, Frank McCormick, A. M. Bedford, I. D. Vocum, J. Clay Cooper, Robt. Collier, Albert Stoffer, Allie Radliff, Jno. Stoffer, E. H. Moss, W. H. Reid, S. S. Estill, Ben Herriott, Joe Conroy, W. F. Horton, E. L. May, P. A. Howard, W. Lois Thompson, Peter Cockrell, Jas. Mannix.

#### IT WAS A JOKE.

It's no joke. When the Commonwealth's docket was called there was something doing. It went something like this in the gambling cases: Commonwealth vs. (say) Bruce Trimble (?) Law and facts, \$20 and cost. Mr. Jailor, he is in your charge till he pays or reprieves. Bring on another innocent. Commonwealth vs. (say) Wm. the Kid. Law and the facts, \$20, etc. Mr. Jailor, he is —. Another grin. Commonwealth vs. (say) Honey Suckle. Same. Same. Same. Other titters. Commonwealth vs. —.

Here a lawyer waves a check (already fixed) for \$28.50, fine and costs. Some of the initiated, lambs of the fold, hold a conference on the state of the weather or other interesting subject. Finally His Honor, the Judge, suspends operation to give the Trustee of the Jury Fund, Bruce Turner, a chance to enter the payments. He can't keep up, so he calls an assistant to collect a large part of a month's wages for one hour's experience at the gamblers' table.

And thus it goes. The professionals, except in one case, were conspicuous for their absence from the court register, but the kids caught it.

Such is life on the down grade; the boys who, after awhile, will be trying, if they have not already tried, to convince some of the nice girls that they (the girls) should marry them (the boys) are going all the gaits.

Now is it not a shame? We sometimes think that society (?) is at a low ebb, and lament and lament. But after all, what better can be expected when high-toned,

plous (?) mothers and fathers try their hands—just for fun, you know—or take a nip at the sparkling spiked bowl, where grace, beauty and loveliness, with jeweled hand, and ill-greed breast-works dispense the hilarious and call the next game.

On Tuesday morning Clark Rash, for killing Wess Garrett, of Levee, both colored, was given 7 years.

As all civil cases had been continued till next term and the criminal docket cleared, the petit jury finished its work yesterday forenoon and was discharged. Court closed in afternoon—in session less than 12 days.

## SUDDEN DEATH.

Comes to Prof. Wm. H. Cord—His Work As An Educator.

Our community was shocked and grieved when on Friday morning the news flashed over the town that Prof. Wm. H. Cord, president of the Mt. Sterling Collegiate Institute, had died suddenly in the presence of his pupils.

Arbor Day was to be observed in the afternoon, for which plans had been made. The entire school had assembled in the chapel. At 11:20 o'clock he stood before them on the rostrum giving final instruction about the work to be accomplished. He paused and remarked that he was feeling sick. Without another word he fell forward dead. Who can forget his fine physique, commanding personality and apparently robust health? Physically, intellectually and religiously he was a man among men, only in his prime, with most favorable prospects for increased labor, honor and usefulness.

He rests from his labors and his works do follow him.

Prof. Cord was born in Mason county, Ky., November 6, 1864, and died in Mt. Sterling, Ky., April 8, 1910, hence was in his 46th year. He married Miss Edith Ireland, of Owenton, Ky., in June, 1887. They have three children, Robert, aged about 22, principal of the Mt. Sterling Public Graded School; Raymond, in his 9th year, and William, in his 6th.

The funeral service was held at the Christian Church, in this city, on Sunday afternoon. The devotional service was led by the writer, B. W. Trimble, who briefly reviewed Prof. Cord's educational and religious work for 16 years as principal of the C. W. B. M. school at Hazel Green. Rev. H. D. Clark followed with a glowing yet deserved tribute to the deceased as a teacher, preacher and honored citizen.

The entire seating and standing capacity of the building was taxed and many thronged the windows. The following citizens were named as pall-bearers:

#### ACTIVE.

W. H. Wood John Roberts  
W. O. Hopper W. A. Samuels  
N. H. Trimble N. B. Young

#### HONORARY.

Dr. B. F. Thomson, Dr. J. A. Shirley, L. T. Chiles, C. W. Harris, J. H. Henry, J. T. Highland, John G. Winn, T. C. Quisenberry, H. C. McKee, N. B. Young.

Floral offerings by his school, the 9th grade of the Public School, Somerset Christian church and friends at Hazel Green and many individuals here and elsewhere attested somewhat of the esteem in which he was held. Center aisles were reserved for the pupils of his school (about 185). They also formed a procession to the cemetery. During this score of years a larger procession has not followed to Macphelah an honored citizen.

As beautiful flowers covered him over, his pupils passed by, each dropping a tulip plucked from the flower beds at the Institute. Tears dimmed many eyes, and heart sighs told of the loss of a dear friend, a public benefactor, an honored citizen, a Christian gentleman.

Under the fostering care of the Christian Woman's Board of Missions, Prof. Cord went to Hazel Green in the summer of 1890 to establish a mission school, which had for a few years under different management and other teachers had a checkered career. There were eleven pupils on the first morning. He was then less than 26 years of age, but had had about three years' experience in teaching in Owen and Mason counties. The responsibilities were great, likewise the opportunities for development, mastery and service. As a student, teacher and preacher he made good, dependent upon the unswerving loyalty and very

generous expenditure of money by the thousands of women of the Christian church through their executive board. Great discouragement beset the work by reason of small receipts and the additional loss and inconvenience resulting from the burning of two dormitories. For 16 years that combination of worthies (including Mr. Cord) continued. Order came from chaos, strength from weakness, hope from discouragement.

Too much can not be said in behalf of the Christian Woman's Board of Missions. They are the servants of the Lord; a tower of light and strength.

Under the expanding genius and directing power of Prof. Cord the school was making great strides. Education had been lifted to a higher plane, new tastes created, new ideals begotten, the school facilities, buildings, curriculum, etc., enlarged. Students or graduates from Hazel Green Academy were in demand as teachers. Although Prof. Cord left Hazel Green in the summer of 1906 to locate in our city, and although the Academy has continued to expand into larger and larger spheres of usefulness, yet indissolubly connected with the name and work of the C. W. B. M. at Hazel Green is the name and work of Wm. H. Cord.

To be enthroned in the grateful memories and hearts of hundreds of young people, a moulding power in their lives, is a monument more precious and enduring than tablets of bronze and shafts of marble. He laid broad, deep and wide the foundation upon which a glorious superstructure was building.

Mt. Sterling Collegiate Institute opened in September 1906, after only two weeks for formation of plans and details with about 70 pupils during the first few weeks. The only available building was antiquated and wholly inadequate. The school continued to grow. Before third year was finished a new up to date building and grounds was declared a necessity. The fourth year was opened in that attractive frame in a spacious lawn on W. Holt Ave.

The anticipated and longed for was a reality. The enrollment is now 185, with a corps of six teachers. In addition to school duties he was serving his third year as pastor of the Somerset Christian church, preaching there on every Lord's day, greatly beloved by his congregation.

When success was assured, and fields for greater service as an educator were opening, his career in suddenly closed. His death is a public loss.

For nearly twenty years the writer has known him, frequently visited and talked to his school and seen his transforming power. Now we extend to his wife and family our sympathy and assurances of co-operation and kindly interest in the maintenance and further development of the institution founded in our midst.

#### Announcement.

On this (Wednesday) April 13, all classes at the Mt. Sterling Collegiate Institute will be resumed, and the plans and policies of the late Wm. H. Cord, president, will be carried out under the management and supervision of his son, the undersigned.

ROBERT I. CORD.

#### CENSUS TAKER

Soon Abroad In The Land. Questions to Be Answered:

For the benefit of those not yet accustomed to the searching questions of the census taker, and for the information of those yet to undergo the ordeal the full list is given below:

First he writes on his big blank the street and number of your house.

Then he asks how many families live there.

Now you must give the name of each person of your family who lives with you on April 15. He enters surname first, then the given name and middle initial. He omits children born since April 15.

Then the questions will come as follows:

Tell the relationship of each person in the family to the head of the family.

Tell their sex.

Color or race.

Age at last birthday.

Whether single, married, widowed or divorced.

Number of years of present marriage if married.

How many children born and how many alive.

Place of your birth.

Your father's birthplace.

Your mother's birthplace.

What year you immigrated to the United, if foreign born.

Whether you are naturalized or alien.

Whether able to speak English or if not give language spoken.

What's your trade, or profession, or job.

What is the general nature of the industry, business or establishment where you work?

Are you an employer, employee, or working on your own account?

If you are an employee, were you working on April 15?

How many weeks were you out

of work in 1909?

Can you read?

Can you write?

Have you attended school any time since September 1, 1909?

Do you own or rent your home?

If you own it, is it free or mortgaged?

Do you live on a farm or in town?

If you live on a farm, is it free or mortgaged?

Then, if you live on a farm what's the number of your farm schedule—that is a census schedule which you should have received before the census man comes.

Are you a survivor of the Union or Confederate army or navy?

Are you blind (both eyes)?

Are you deaf and dumb?

That's all the questions, but here's some rules that you will be expected to observe:

Your home is where you sleep.

Domestic servants and others living with their employers should be enumerated with the family.

Persons who will not be enumerated with the family by the census man are: Those visiting temporarily; transient boarders or lodgers who have some other permanent place of abode; persons working in your house but not sleeping there; members of your family who are in jail, asylums, almshouses, homes for aged, reformatories, or any other institution where they may be confined for some time to come.

If you have two occupations you name the one which gives you the best pay.

The purpose of the questions about whether you have been out of work is to find the number of people in the country who want to work and cannot find it.

In the case of women who are doing their own housework without other employment the census man will put down that she has no occupation.

You do not need to fear the cen-

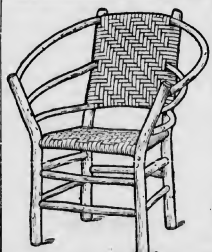

sus man or hesitate to answer his questions freely. If any question embarrasses you, you should remember that you tell Uncle Sam in confidence. The census man is sworn to secrecy.

See our \$12.50, \$15 and \$18 Michaels-Sterns suits; guaranteed. Punch & Graves.

#### CORRESPONDENCE.

##### NORTH MIDDLETOWN

Dr. J. A. Gilkie has sold his residence and office to Dr. L. R. Henry, of Madison county, and the two have formed a partnership.

On Friday one of the old residences of this section was destroyed by fire. It was the home of Mrs. Mollie Talbott. She is now 76 years old and had lived there for 50 years. Her son, John, lived with her. (Mrs. Talbott is the sister of Mrs. Mariah Crawford, of Mt. Sterling.) The fire was caused by a defective flue. Most of the household goods were saved.

##### STOOPS

The oats crop looks like a failure. Tobacco beds are looking very sick.

Frank Groves, of Lexington, is visiting here.

D. F. Richardson moved his saw mill to Sideview last week.

Thos. B. Hamilton went Saturday to visit at Owingsville.

A. S. Bridges has begun the erection of a fine residence.

Clarence and Carl Cassidy are in Lexington with Chris Cassidy.

Mrs. E. A. Groves has been visiting relatives in Clark county.

Miss Stella Copier has resumed teaching after the measles scare.

This vicinity was shocked to hear of the death of Prof. W. H. Cord.

Roy Goodan and wife, of Preston, came Sunday to be with relatives.

H. C. Ficklin and wife were visitors at Jeffersonville Saturday and Sunday.

E. L. Fasset sold to L. C. Ogg a cow and calf for \$60 and two

500-lb. heifers at \$18 per head.

Buyers are gathering up cattle hogs this week. Prices ranged from \$7.75 to \$10 per hundred.

If more corn was fed to hogs and cattle instead of so much of it being in booze the country would be in better condition.

All trousers of the Xtra Good boys' suits are full lined.

#### PARALYZED BY FRIGHT.

Valuable Mare Belonging to Geo. Owings is Killed.

Our readers will remember the experience of Geo. E. Owings, rural carrier who, with his pistol, recently put out of commission an automobile driven by a Mr. King, of Carlisle. The mare driven by Mr. Owings is said to have been so terrified by the auto and the escapee that paralysis developed. Efforts of the veterinary to save her were in vain. To relieve the helplessness and suffering of the animal, the owner, J. M. Bigstaff, directed that she should be killed; so on Friday night she was shot. (See editorial.)

**Cause of "Keel Water."**  
The track of smooth water, or "keel water," stretching in the wake of a moving vessel is often noticed, but little understood. The effect is not due to the influence of oil on surface tension, though the stilling of the waves may be similar. Prof. Ashborn, a German investigator, has made some experiments with bodies moving on the water, and these show that the gyroscopic action of the eddies or whirls left behind on each side of the vessel smooth out the smaller waves and give the calm, oil-slicking track that is so familiar. The larger and swifter the ship the longer and broader is the smooth wake.

**Fresh Air for Children.**  
"There is no cause at all," says an eminent physician, "to fear the action of the air and sunlight upon a child and too great haste cannot be made to expose it to their influence, which is entirely beneficial to its development and health."  
"A child a few weeks old, if suitably dressed, may be taken out of doors for a little while each day and the time may be lengthened as its strength increases. The habit of daily exercise in the open air will lay the foundation for a good constitution and the liability of taking cold will be greatly lessened."

**Under the Surface.**  
There is a sentimental side hidden away deep in many men, which only rarely is apparent on the surface. Kipling's imperturbable, inscrutable magnate, with his blank face that was like an iron mask to his competitors, could be shaken like a flag in the wind by his emotions when his only child was, as he believed, taken from him forever. There is not one of us who has not some hidden spring which, when touched, can shatter in an eye-twinking the proud edifice of our laborious pretense of cold indifference that we show to the world most of the time.

**Wars of the United States.**  
The 13 wars in which the United States has engaged are as follows: 1. War of the Revolution, seven years, 1775-1782. 2. Indian war in Ohio territory, 1790. 3. War with the Barbary states, 1803-1804. 4. Tecumseh Indian war, 1811. 5. War with Great Britain, three years, 1812-1815. 6. Algerine war, 1815. 7. First Seminole war, 1817. 8. Black Hawk war, 1832. 9. Second Seminole war, 1835-40. 10. Mexican war, two years, 1846-1848. 11. Mormon war, 1856. 12. Civil war, four years, 1861-1865. 13. Spanish war, April 21 to July 26, 1898.

**Aged Deans.**  
Our cathedrals now possess many deans who have reached an extreme age. In most cases, a vigorous old age. Says London Tit-Bits: St. Paul's has a nonagenarian; York, Durham, Exeter, and Llandaff have octogenarians; while Canterbury, Ely, Lincoln, Chester, Ripon, Salisbury, Carlisle, Wells, Hereford, Bristol, Gloucester, Rochester, and Windsor have septuagenarians. Thus 17 of our deans are upwards of 70 years of age, and the recently deceased deans of Lichfield, Worcester, and Norwich would have increased the number to 20.

**Wee of a Large Family.**  
"I belong to a family of 16," said the southern woman, "whose children by my father's first wife, 15 by his last, I am one of the last of the 13, but that isn't what I'm going to tell you. We've been scattered to the four winds for years, and the other day I got a letter from a sister to Louisville, Ky., telling me that my sister in Chicago had been very ill. 'Write to me,' she wrote me. Now, how can I? You may think I'm queer, but I haven't the slightest idea what my Chicago sister's married name is."

**Refrigerating Plants on Ships.**  
During the season of navigation of 1908 there were 46 steamships fitted with mechanical refrigerating plants sailing from the port of Montreal, with a combined cold storage space of 1,193,646 cubic feet, and counting the total number of trips made by these steamers in the season, they rendered available a total cold storage space of 4,997,195 cubic feet. In addition, 19 steamers with cold-air accommodation of 904,796 cubic feet were in commission.

**Awakening of the East.**  
After centuries the near east is in the world's race for growth and progress. Port Said, 16 years ago a village, Arab camp, now has a population of 50,000. From one to 18,200, Piræus has grown to 80,000, Myrsine, 207 in existence when Ibrahim Pasha anchored his fleet where it now stands, has 22,000; Beirut has multiplied 6,000 inhabitants in 150,000. Gaza increased from 2,000 in 1840, with a small growth till 1887, to 48,000 in 1907.

**Breaking Wind Force.**  
The effect of windings in lessening wind force is shown by Berlin records. In 1884 an anemometer was placed on a tower in the open country at a height of about 165 feet, and in 1868 this was surrounded by buildings about 75 feet high. The mean velocity of the wind, as shown by the instrument, was reduced from about 18 feet per second in the five-year period of 1868-88 to 12 feet in 1889-1908.

**Slightly Personal.**  
Mr. Yipster: (at the top of his voice)—Madam, may I be permitted to say a few words parenthetically?  
Mrs. Yipster: (in a shrill falsetto)—A man as bow-tied as you are couldn't talk in any other way than parenthetically.

## Payne Law Turns Tide--Tariff Deficit is Reduced.

For the first time in its history The Payne tariff bill has turned the tide and gave us a surplus instead of a deficit.

Chairman Payne, of the House Ways and Means Committee, and his lieutenant, Daltell, of Pennsylvania, and Boutell, of Illinois, spoke in unison and enthusiastically of the success of the new law.

"The surplus of receipts over expenditures of the close of business," said Boutell, "was \$122,452. Subtracting from this sum the \$100,000 corporation tax, in litigation, we have a net surplus of \$22,000 which is absolutely gilded."

"Considering that the Payne law did not go into effect until August 5, 1909, we consider it has made a remarkable showing."

### City Council.

Keep cool and self-possessed, gentlemen.  
Aside from the usual routine business, the ratification of the sewer contract was of great importance.

Building permits were granted to Mrs. George Moore and John Cline for residences on West High street, and to Arthur Bybee for one on Holt avenue.

G. Egbert Coons was appointed to take the census of the city. Though independent of the Government census enumerator, they are expected to be of service to each other in securing a full and complete list.

### SEED CORN FOR SALE.

Do you want your 1910 corn crop to be the best you ever raised? Then plant THE BOONE COUNTY WHITE SEED CORN.

This variety has won more premiums than any other throughout Kentucky. It is bred to bear a larger yield than any other breed of corn. The seed has been carefully selected as to its germination from test made on 25th of March, 1910, by Professor George Roberts, of State University of Kentucky. Total germination 99 per cent. The highest average of the 26 samples tested. Price \$1.50 per bushel. Sacks furnished. Hand shelled. J. H. MASON.

### No Reading of Newspapers in Court.

Circuit Judge Watts Parker, of Lexington, who about a month ago sharply rebuked Col. R. A. Thornton, one of the oldest and most prominent members of the bar, for reading a newspaper in the courtroom, and laid down a rule that reading newspapers would be positively forbidden during sessions of his court, emphasized his decision Friday by impressively warning a member of the bar who was quietly reading a morning paper of the rule and administering a reprimand. Judge Parker announced that although he would impose no fine in this case, the next offender was likely to receive the full penalty of \$30 fine and three hours in jail for contempt of court.

M. L. Pieratt and family, of Morgan county, left Monday for Hobart, Oklahoma.

J. G. Trimble, Sr., and R. M. Trimble are expected from Martinsville, Ind., on Friday.

Rev. Humphreys, agent for the Baptist Orphan Home at Louisville, was here yesterday.

Mrs. A. M. Bourne has returned from a visit at Louisville.

Clarence Stephens and Harry Moss made a flying trip to Winchester Sunday on their wheels.

Jno. White Trimble spent a few days at home from University of Virginia and returned last night.

Mrs. R. M. Trimble went to Louisville on Tuesday, with her daughter returning to Ward Seminary.

Clifton Prewitt and wife returned early last week from a trip to Nevada, California, and other Western States.

Lloyd Frazer and the Misses Herriott, after a delightful visit of about 10 days to Danville, returned—without the auto.

Of the relatives of Prof. Cord, who attended his funeral were his brother-in-law, R. M. Harrison, wife and daughter, his three brothers: Jas. Cord and two daughters, of Wedonia, Mason county; R. B. Cord and wife and A. R. Cord, of Covington. Other friends here were: W. O. Mize, of Hazel Green; Rev. W. F. Smith, of Lexington; John Collins and wife and Mrs. John Redmon and son, of North Middletown.

## RELIGIOUS

Rev. E. E. Dawson tomorrow night begins a meeting at the Queen St. Mission. He was at Donaldson on Sunday morning and night.

On Sunday morning and evening there was an exchange of pulpits between Rev. Noble of the Presbyterian Church at Newport and Rev. H. G. Moody, of this city.

Rev. B. F. Clay, who has spent several years in the West in evangelistic and pastoral work, is again in Kentucky and will visit the brethren of the Christian Church on Wednesday evening at prayer-meeting and tell of conditions in the West.

On Sunday morning Rev. G. A. Joplin, formerly of our city will preach at the Presbyterian church. In the evening he will address a Union Meeting at the Christian church in behalf of the State Sunday School work. A large audience will greet him.

The attendance in the Woman's Bible Class at the Christian Church on Sunday morning was 35. We welcomed Mrs. J. L. McCormick from her sojourn in Florida, Mrs. Mariah Crawford, Mrs. Lou Jordan, Mrs. Hensley and others, who, because of feeble health have been detained. We esteem it a great honor to be thus engaged. Others are cordially invited.

For men who know, Stacy, Adams & Co.'s shoes and oxfords, all leathers, all widths.

## DEATHS.

WELLS.—Turner Wells, a bustling timber man, merchant and trader, of Menfee county, died at Mariba, in that county on Thursday night.

TRIMBLE.—Mrs. Martha Trimble, aged about 70 years, died at Jeffersonville Wednesday, April 6, 1910, after rheumatic affliction for a year. The funeral service was by Rev. Dawson, and the burial at Fortune's graveyard. She was the widow of John Washington Trimble, who died 7 years ago. She leaves five sons, Richard, Luther, Marcus, Green and Ed., two daughters, Miss Belle and Mrs. Lillie Risner.

SAUNDERS.—Another prominent citizen of Sharpburg has been taken, in the person of Enoch Saunders. He was riding over his farm on Thursday. Early on Friday morning he was paralyzed and did not regain consciousness. He died on Saturday morning, April 9, 1910, and was in his 77th year. He married Miss Mary Robinson, of this county, a sister of R. C. Robinson and Mesdames Judy, Bruton and Chenault. He is survived by his wife and children: Mrs. Alfred Crooks, of Owensville, Ed., of the U. S. Army; Wm., of Nicholas; Mrs. Howard Moffett and Miss Nancy, of Sharpburg. The funeral service was held at the home on Sunday afternoon by the pastors of the Presbyterian and Baptist churches and the burial was in Crown Hill. Many friends from other counties attended the burial. From our city were J. W. Chenault and wife, John A. Judy and wife, R. C. Robinson, wife and children, John English and wife and Mrs. Aramsmith.

KIDD.—Twice within 3½ days sudden death has occurred in our city. The death of Mr. Albert Kidd following so closely that of Prof. Cord. On Monday afternoon, April 11, 1910, while sitting at the home of J. A. Stephens, where he boards, waiting for supper, Mr. Ab. Kidd, the well-known auctioneer, was playing with a little child on the veranda. The death stroke came without warning and before assistance reached him. He had frequently said that he would die suddenly with heart failure. The death of Prof. Cord his friend to whom he was greatly attached, had deeply affected him. The body was embalmed and removed to the home of his niece, Mrs. Len Beall, on Harrison Ave. The funeral service will be held at the Christian church on this (Wednesday) morning at 10:30 o'clock by Rev. H. D. Clark and the burial will be in Macphelah. Ab. Kidd was born January 29, 1840, near Kiddville, in Clark county, and has spent his life in that and Montgomery county. He married Miss Mary Huls, daughter of Wm. Huls and wife. Of the family, the wife and six children survive him. The wife and two daughters: Mrs. Sherman Strain, Mrs. Lena Crawford and a son, R. D. Kidd, live in Lexington, another son, W. B. lives in Kansas City, a daughter, Mrs. W. A. Stewart, of Covington, another daughter, Mrs. Maude Kidd, of California. Mr. Kidd has two brothers: R. D., of Kansas City, now visiting here, and Thomas, of Clark county, and Jane Wright, near Kiddville, and a sister, Mrs. Sallie McClure, in St. Louis. The deceased has been a popular auctioneer in our city for a long time; during the latter years of his life, while yet busy in his profession he has been devoted to the services of the Lord's house, a regular attendant at the Bible School and prayer meeting, and spent much time reading the Bible. He has learned the better way, has chosen the good part. "Commit thy way unto the Lord trust also in him and he shall bring it to pass." We shall miss him from the Lord's house.

**Want Postoffice Clock.**  
Senator W. O. Bradley is making an earnest effort to have a big clock placed in the tower of the Customhouse in Louisville, during the work of remodeling the building, which will soon begin, and the advices from Washington indicate that he will succeed in his efforts.

According to the bids on the proposed annex, there will be about \$12,000 of the \$60,000 appropriation left over, and the expense of changing the tower and putting in the clock can be paid for out of this unexpended balance.

**It Saves You Money.**  
The special half price sale of Dr. Howard's specific for the cure of constipation and dyspepsia by W. S. Lloyd means the saving of a few dollars on every family's yearly bill for medicines.

Each 50 cent bottle (Mr. W. S. Lloyd sells it for 25c) contains sixty doses of a medicine that is pleasant to take and which can be depended upon to cure the worst case of constipation, dyspepsia or liver trouble. Mr. W. S. Lloyd has so much faith in the superior merit of this medicine that he says: "If Dr. Howard's specific does not cure you, come back to my store and I will return your money."

This remedy is not an ordinary medicine. It is the favorite formula of a well-known physician, and has the endorsement of hundreds of physicians of eminence in their profession, who prescribe it in all cases of constipation, dyspepsia or liver trouble, knowing from experience that it will make a complete and lasting cure.

### BOYS AND GIRLS

**Given Good Advice by Mr. and Mrs. Andrew Carnegie.**

A Pittsburg dispatch last week says: "Neither Mr. nor Mrs. Andrew Carnegie has much sympathy for the cause of woman suffrage."

"Pick for your wife the girl who takes care of her mother, the girl who is useful in the household, and does not make the most show in the ballroom," counseled the Laird of Skibo to the young men at his technical schools. "The highest work for woman is to help and encourage man. The Margaret Morrison schools do more good than all the fight for woman's rights," said Mrs. Carnegie in addressing the girls' department of the technical schools.

The steel master also gave the boys this epigrammatic counsel: "Woman raises man to the highest standard."

"My mother and my wife made me all I am."

"All depends upon the proper rearing of man and woman."

"I am with you in your own living, for I had to make my own living."

"The ambition to become a millionaire is low."

"To be of service to your fellowman is the greatest ideal."

"Honest parentage is the most valued heritage."

"Don't let money be your God."

"It is good to develop the body as well as the mind."

### Mountain Man Paroled.

"Largely because the testimony showed that he should have been acquitted on his trial, Clay Lawson was granted a parole by the Prison Commission on Thursday. Lawson was convicted of the killing of W. P. Lawson, a cousin, and sentenced to the penitentiary for two years. He has been in prison about six months. He was sentenced to the penitentiary from Wolfe county."

### Struck With Hatchet.

In a difficulty at the depot of the Mountain Central Railroad in Campton, Ky., between Robert McNabb, engineer on the train, and Gardner Cockerham, a carpenter, of that place, over loading a car of ties, Cockerham was hit on the head with a hatchet and severely wounded. McNabb was arrested by Sheriff Salley on the charge of striking with a deadly weapon.

### Respite for Condemned Man.

On application of three of the Judges of the Court of Appeals Gov. Wilcox has granted a respite to Floyd Frazier until May 19, and unless he changes his mind in the meantime Frazier will be hanged in Whitesburg, Letcher county, on that day.

### Lincoln's Spring "Goes Dry."

Local interest in the election centered in the vote at the suburban town of Havelock, which has been the source of liquor supply for Lincoln, Neb., since the city abolished saloons a year ago. Havelock went "dry" by a majority of 84 after a hard fight.

### Why This?—Japanese Observations of Forts.

There is cabled from Manila news that two Japanese were caught in the act of consummating a deal for photographs of the fortifications now in course of construction upon the island of Corregidor.

Possibly the Japanese were merely travelers. The arrest of Americans for similar offenses has often occurred where there has been no intention upon the part of the offenders to make any improper use of pictures of fortifications in foreign countries. Yet the persistent reports from Manila that Japanese are fond of poking about in the island to ascertain facts and report to the Imperial Government indicate that there is possibly a little fire where there is a good deal of smoke.

### License Revoked.

Three cases of violation of the Sunday closing laws were heard by the License Board in the Police Court at Louisville on April 6. One license was revoked, one case was taken under submission, and the board gave the third defendant time to sell out his stock and go out of business.

### BRONCHIAL TUBES

### ALL STUFFED UP.

"While a resident of Washington, D. C., I suffered continually and intensely with a bronchial trouble that was simply terrible to endure. I would have spells that I could hardly breathe. I would choke up, fill up in my throat and bronchial tubes, and the doctoring that I did and the remedies used were of no benefit to me whatever. I heard about Booth's Hyomei being so beneficial in catarrhal and bronchial affections and procured an outfit. I received relief from the first by its use. I continued with it and received a cure. It is about two years since I have suffered at all from my former trouble."—Mrs. R. L. Pannell, 404 N. Augusta St., Staunton, Va., March 26, 1909.

Hyomei is guaranteed by W. S. Lloyd to cure catarrh, croup, bronchitis, coughs, colds and sore throat or money back.

A complete Hyomei (pronounce High-o-mei) outfit costs \$1.00 at druggists everywhere. This includes a hard rubber pocket inhaler and bottle of Hyomei; extra bottles Hyomei cost 50c. Free sample bottle and booklet from Booth's Hyomei Company, Buffalo, N. Y.

### DEMOCRATIC PRIMARY

In Seventh Congressional District Called for June 25.

At Frankfort on April 5th the Democratic Congressional Committee of the Seventh district called a primary for June 25.

The rollcall showed that every member was present, nine in all. L. T. Doty, of Owen, offered a resolution embodying a call for a primary. W. O. Davis offered an amendment providing that if there are two candidates the election officers shall be divided in each precinct between the candidates, each to have a majority of the judges in every alternate precinct, the one to have the majority in the first precinct selected in each county, to be selected by lot. This amendment was unanimously adopted.

W. P. Kimball offered an amendment specifically providing in the minutest details that no voter whose certificate of registration has been bought or sold or held in possession or in escrow by another shall have the right to vote in the primary. He said the amendment was specifically intended to apply to Lexington. This amendment was also unanimously adopted.

The call also provides that the expense shall be \$3,000 and that each candidate shall put up that sum by June 10, and if there is more than one candidate, each one's pro rata part will be returned to him.

Senator Claude Thomas and Congressman Cantrill were both present at the meeting, but neither made a speech.

### HASBEEN OR "WAS-ER"

**Ladies Lament Change of Style in Hair Dressing.**

We clip from Daisy Fitzhugh Ayres' letter from Washington to the Courier-Journal the following: "As defunct as Hector and as dead and deceased as our mortuary friend the doornail—why is a doornail any dearer than anything else?—is that late lamented fashionable convulsion of the coiffure called the 'swirl.' The swirl is a hasbeen, or a 'was-er,' my ladies; also the turban arrangement and all sister architecture of the tresses. Ain't it scandalous after all that good hard money for swirl braids and huge tortoise shell hairpins and things only a few brief moons ago?"

"Of course, there were always many of the most swollen or swells and the most ultra of ultra-naries who always gave the swirl a wide berth anyhow. Mrs. Longworth never would touch a swirl even with a ten-foot pole, if she had one. Mrs. Depew has always scorned any but a strictly Marie Antoinette architecture of her ample silver locks. Miss Katherine Elkins, the beauty of the nut brown braids, who is heir to as many millions almost as she has hairs upon her patrician-looking head—not that her locks are scanty either—wouldn't have been caught dead with the inevitable swirl, even at the height of its glory. Also Mrs. Elkins and her sister, Mrs. Arthur Lee, also the rich young cousin, Miss Katherine Brown, who seems a steady boarder at the Elkins palace, also a lot more of the 'bugs.'"

"But when it comes to you and me and Mrs. Taft, Beatrice, and a few other of the more fluturous social butterflies, we're been twisting our cranium around with two skimp plait with religious inviolability."

**Yin in Star's Atmosphere.**  
Observations of the spectrum of Alpha Scorpii, made at the Cape of Good Hope, have shown a puzzling line that an English astronomer has attributed to tin. If this proves to be correct, it is the first discovery of tin ever made in the atmosphere of a star.

## HERE IS THE PROOF

The best body-building and strengthening tonic for

# Delicate Children

—is—

# Vinol

"My 9 year old daughter was weak, pale, and had no appetite. I gave her Vinol, and she began to thrive at once. She gained rapidly in weight, color and strength."—Mrs. W. H. GILMORE, Durand, Mich.

"My two children, who were puny and ailing, rapidly gained flesh and strength when I began to give them Vinol. I proved that Vinol is a splendid tonic for delicate children."—Mrs. C. ALLEN, New Bedford, Mass.

Vinol builds up healthy flesh and makes thin little limbs round and plump. Children love to take it.

We return people's money without question if Vinol does not accomplish all we claim for it. Try it, please.

### Simple Inscription on Cleveland Monument.

With no mention in the inscription of the fact that he was at one time President of the United States, but reading merely "Grover Cleveland, born Caldwell, N. J., March 18, 1837, died Princeton, N. J., June 24, 1908," a monument to the memory of former President Grover Cleveland has been completed at his grave in the Princeton cemetery. Beside it at the same time was placed a marble slab to mark the grave of Ruth Cleveland, his daughter. It, too, bears a simple inscription.

### Fire at Winchester.

A fire broke out in the warehouse of D. S. Gray at Winchester, on A-ril 6, and the contents, about \$15,000 worth of hemp, was badly damaged by fire and water.

### Negro Soldiers Guilty.

The military court of inquiry, which has been investigating the shooting up of Brownsville, Tex., August 13, 1906, finds that the evidence clearly sustains the charge that the shooting was done by soldiers of the Twenty-Fifth Infantry, colored.

The court is of opinion that if the officers of the regiment had performed their duties immediately prior to the shooting, the affair could not have occurred and immediately after the shooting, some of the guilty men would have been discovered. Fourteen men are declared to be eligible for enlistment.

According to the act creating the Board of Inquiry, the findings are final and cannot be reviewed by anyone.

The socialists federation of trades unions, comprising 300,000 brick layers, carpenters, masons, builders and laborers, at a meeting in Berlin, Germany, unanimously rejected the proposed wages tariff which the builders' union had drawn up.

### Deal Costs Him a Million.

James A. Patten, king of the wheat pit, lost a fortune in the cotton market April 5. His losses will be \$500,000 and may reach \$1,500,000.

News that a shipment of 15,000 bales of cotton from Liverpool to New York was made caused a flurry in the Patten crowd.
